

Lexwork International Network

When one of our clients have a problem or opportunity outside of Michigan — either the United States or internationally — our firm works with a deep bench to best support our clients.

Foster Swift's membership in **Lexwork International** provides this breadth and depth. Lexwork International is an association of midsize independent law firms in major cities located throughout the Americas, Europe and Asia. Currently there are 41 member firms worldwide. Lexwork International includes more than 2,500 lawyers in 36 countries with offices in more than 110 cities.

In today's sophisticated marketplace, increasing numbers of corporate clients recognize that midsize law firms offer a high-quality, cost-effective alternative to the big international law firms and a higher level of personal service. Every firm in the Lexwork network maintains rigorous practice standards. Additionally, each member firm is required to maintain appropriate professional indemnity insurance.

These member firms provide all of the normal services required by corporate clients, within its own jurisdiction. They also collaborate to provide effective support for cross-border transactions.

At a time when legal services are becoming more expensive and less personal, the members of Lexwork International remain committed to providing their clients with high-quality, partner-led service at reasonable prices.
