

Deal Team - Mergers & Acquisitions

Foster Swift fields a Deal Team comprised of lawyers across its six offices throughout the State of Michigan.

Unlike many lawyers, we do not only dabble in transactional work. Our team has closed hundreds of deals across nearly every industry, and can scale to any deal size. We have the firepower to easily manage 9-figure transactions, but are also equipped to handle a 6-figure deal in a cost effective manner. And we are experienced in representing all sides of the transaction – from buyers and sellers to private equity funds, lenders, joint venture partners, and other interested parties.

We are experts on the legal and practical issues that arise in transactions, and have the necessary real world experience to close deals efficiently while protecting our clients' interests. We advise on every aspect of the deal – from due diligence and structuring the deal, to negotiation, documentation, and closing. We work with each client and its other advisors to vet the target company, find the optimal transaction structure from both a tax and legal standpoint, work out the deal terms, prepare documentation that protects our client's interests without killing the deal, and getting to closing quickly.

Our representative experience speaks for itself:

- Represented the stockholders with a \$100m+ stock sale of an Internet service company.
- Represented purchasers and sellers of technology and telecommunication companies, including the \$40m sale of a cellular provider.
- Represented many manufacturers in sales and purchases, including 8-figure sales to publicly-held corporations.
- Represented buyers and sellers of professional practices ranging from \$250k to \$1.5m, including dental practices, medical groups, accounting firms, dentistry practices, and veterinary practices.
- Represent buyers and sellers of regulated businesses ranging from \$500k to \$10m, including financial services, health care, insurance groups, cannabis, and ITAR registered defense businesses.
